M. H. S. SQUAD TO EXCELSIOR SPRINGS

DECISION TO CHANGE PLACES MADE LAST NIGHT

17 MEN LEAVE AT NOON

Captain Ogden Will Be In Line-up—Selvage Of Kansas City To Officiate

Excelsior Springs wanted the football game there and the Springs got it. The Maryville Spoofhound football team will play the Excelsior Springs High School team at Excelsior Springs tomorrow afternoon, instead of having the contest fought out on the College Field in Maryville as was announced yesterday.

Harold G. Ebert, High School coach, and seventeen football proteges left this noon in automobiles for St. Joseph and then took the interurban for their destination. Ebert announced this morning that Ogden, captain and end, will be ready to enter the fray tomorrow.

The decision that Maryville would play in Excelsior Springs was made last night. Mr. Ebert talked with W. S. Smith, superintendent of schools, H. U. Hunt, principal and Vivian Marsh, coach, at Excelsior Springs, over the telephone and found that it would be to the financial advantage of the High School to take his team to Excelsior Springs for the semifinal game in the championship race of Northwest Missouri. In order to bring the Excelsior Springs team to Maryville it would have been necessary for the High School to get the financial backing of the business men in order to furnish the guarantee that the Springs team demanded.

Due to the fact that a football game was played in Maryville Tuesday and that the Red Cross, Salvation Army and two church drives are now in progress in Maryville it was thought best to take the Spoofhounds to Excelsior Springs, as Mr. Ebert said this morning "that Excelsior Springs wanted the game worse than we did."

The Springs town has the advantage of pulling a big crowd for the game as it lies close to Kansas City and Liberty and officials can be secured from a short distance. In all probability Selvage of Kansas City will be referee and Menz also of Kansas City, as umpire, will officiate at the game. Mr. Ebert was uncertain as who would be headlinesman.

The regular line-up of the High School team will be used against the Excelsior Springs team with the exception that Captain Ogden will again take his position at end. The Spoofhounds will get home Friday night.

The Democrat-Forum will get reports of the game at Excelsior Springs at the end of every quarter.

STATE COMMISSION ASKS LICENSE HIKE

HIGHWAY ORGANIZATION FAVORS 50 PER CENT INCREASE.

TO BREAK DEADLOCK

Legality of Special Tax on Gasoline Is Doubted—Commission Issues Long Statement.

The state highway commission recommends that the state motor vehicle registration fee be increased 50 per cent to obtain additional funds to speed up the state road program.

In a public statement issuesd yesterday, and signed by the four highway commissioners, the board accepts full responsibility for rejecting, tentatively, the 2-cent gasoline tax, and asking for an increase of the motor registration fees. The gasoline tax is discarded because of the doubtful constitutionality of such a measure.

This is the first definite proposal made by the highway commission, and apparently is designed to break the deadlock existing between Governor Hyde and the road committees of the house and senate over the calling of a special session of the legislature.

The statement follows:

The State Highway Commission sent a communication to the Governor of Missouri September 20th, showing the need for additional funds for maintenance, if an economic csale of road construction is to be kept up. It was agreed that $2,000,000 a year additional revenue would not only permit continuous construction and lawful maintenance, but that, if given authority of law, the State Highway Department could complete the outlined expenditures under the $60,000,000 bond issue by the end of 1927, with a less cost per mile than if construction work dragged over many years.

It was shown that the Department was at that time efficiently handling with reduced administration and engineering costs, a larger program than it would ever be called upon to carry even with the sale of $15,000,000 bonds a year authorized.

Misapprehension seems to have arisen as to several facts. The problem of maintenance grows out of the subject being overlooked in the original bond plans. Maintenance, it should be remembered, includes at least as efficient care of the unimproved roads in the State Highway System as had previously been given. It also includes the keeping up of detours where active work on building projects make the designated highways impassable. Under the legal method of building in Missouri, the detours are numerous. The other, and increasingly important function of maintenance, is systematic care of the roads as they are constructed. This is as vital as construction itself and the experience of other states warns us that it cannot be wisely neglected or deferred.

The State Highway Department does not need any additional money or appropriation for administration costs. It has no deficit and it will not have any. If the program is not advanced and if bonds cannot be sold for additional construction without shutting off maintenance, the splendid organization will be impaired, not because of lack of money to pay employes, but be-

Mr. McClung Speaks on Conditions in Korea

Conditions in Korea and the missionary work done in that country was the substance of the talk that James McClung gave last night at the First Presbyterian Church. A large number from the congregation of the Presbyterian Church weer present to hear Mr. McClung. Mr. McClung is the father of Dr. A. J. McClung, pastor of the Westminster Presbyterian Church at St. Joseph. He has just recently returned from a trip to Korea, where he visited his son and wife, who are missionaries there. SALVATION ARMY DRIVE SUCCEEDING

SOLICITORS ARE MAKING CANVASS OF BUSINESS DIST.

WILSON PRAISES TOWN

Salvation Army Official Is Well Pleased With Progressive Spirit Shown in Maryville.

The county advisory board in charge of the drive for the Salvation Army met last night in the Chamber of Commerce rooms and organized for the solicitation which began at 9 o'clock this morning.

The women's division will be organized today and will begin work tomorrow on the drive which will continue until Saturday night.

Captain George Wilson of the Salvation Army was very enthusiastic in his praise of Maryville and the spirit shown here. He said that the business ability, good fellowship and general hospitality of Maryville was unexcelled any place in the country. In the last four years, Captain Wilson has collected over one million dollars for the Salvation Army which was distributed in maternity homes and hospitals throughout the United States.

George B. Baker, of the Real Estate Bank is in charge of the Nodaway County drive for the Salvation Army. Workers intend to visit all towns in the county in order to make up the quota of $1050. However, if the workers do not get to all towns in the county, persons desiring to contribute to the work of the Salvation Army may mail their checks to Mr. Baker at the Real Estate Bank.

Mrs. W. J. Montgomery has been appointed chairman of the women's division and a house-to-house canvass will begin tomorrow morning with a number of local women in charge of this work.

Mr. Baker said this afternoon that contributions were coming in good but that more large donations should be given to balance the small contributions. The exact amount of the contributions is not known yet, but will be announced tomorrow.

Mr. and Mrs. Conrad Reidlinger of Conception Junction were here today.

John Schneider of Arkoe was in Maryville today.

18 BEAR CATS TO ENTRAIN TOMORROW

TO MEET CHILLICOTHE BUSINESS COLLEGE ELEVEN

LOCALS DOPED TO WIN

Injuries Will Handicap State Teachers College Ball Luggers—O'Banion May Be Used

Football coach, H. Frank Lawrence, and eighteen fighting Bear Cats will leave tomorrow morning for Chillicothe where the State Teachers College team will meet the gridsters of the Chillicothe Business College Friday afternoon.

The dopsters have spread the word that the Teachers College will win the game. However, Coach Lawrence is carefully guarding against any over-confidence on the part of members of the local College team and will array a strong line-up in the game with the Chillicothe Business College team.

The Bear Cats will be handicapped somewhat by minor injuries and it is possible that some substitutes on the squad will be given a chance to appear in the line-up against the Business College team in order to save the regular men for the conflict with Tarkio Thanksgiving Day.

The following men will make the Chillicothe trip: Foreman, Masters, Eads, Mowery, Kirby, Pitman, Graham, Richards, Hays, Akars, Young, Allan, Wilson, O'Banion, Thompson, Palmer, Hartman and Hay.

O'Banion will be able to take to the field if necessary and punt the ball into safe territory as his injured ankle is in good condition. The coach's choice for quarterback will probably be Wilson on account of his stellar performance in the game with Westminster at the signal position.

A number of rooters will accompany the team on the trip to Chillicothe.

Musical Numbers Will Feature C. C. Program

F. L. Curfman, a member of the board of directors of the Maryville Chamber of Commerce, will be in charge of the regular weekly banquet of this organization next Monday night. The meeting will be held at the Bainum Hotel. William Larson, a member of the College Conservatory of Music, has arranged several musical numbers which will be given at the program.

MAYSVILLE STILL IN FOOTBALL RACE

GALLATIN CHARGES OF UNSPORTSMANSHIP DISALLOWED.

STANBERRY IS NOW IN

Will Take Place of Princeton Team Which Was Thrown Out of Conference Race Yesterday.

Regarding the meeting of the board of control of the Northwest Missouri Athletic Association held at the Hotel Robidoux at St. Joseph yesterday, today's St. Joseph Gazette had the following:

Because one of its gridiron battlers played with professional ball players last summer, Princeton high school was expelled from the Northwest Missouri association at a meeting of the board of control in Hotel Robidoux Wednesday. All of the games in which the ineligible gridder participated were summarily forfeited to Princeton's opponents, thereby giving Stanberry the right to represent that district in the semi-final round of the championship race. Princeton was permitted to reenter the conference however, and will compete in the basketball race.

The action of the board of control resulted from complaints made by other teams that are also members of the association. Another assertion was also considered, that of unsportsmanlike tactics being used by the Maysville high eleven in their game with Gallatin Oct. 26, in which Howard Walton, Gallatin halfback, received injuries that proved fatal. The contentions were disallowed.

Decision of Board.

In making their decision, the board of control founded their action upon these grounds: "The board of control cannot act upon protests that are not based upon a rule or regulation specifically stated in the constitution or by-laws of the association.

"The management of a game while in progress is in the hands of the officials. Therefore, the board of control has no jurisdiction within that field.

"Having heard the testimony presented relative to Maysville-Gallatin game of Oct. 26, including the statements of Referee Warren Giles and Umpire Russell Sprong, both of St. Joseph, who officiated in the aforementioned affair, and having confidence in their ability and judgment of what constitutes good sportsmanship, hold that the charge of unsportsmanlike conduct on the part of Maysville is not sustained."

The Gallatin representatives also filed affadavits to the effect that Maysville refused to pay expenses of $96 and asked that Maysville be disbarred from future participation in the association circles.

The board of control reached the following verdict on that controversy: "Upon the statement of Maysville school officials that they have been and are still willing to pay expenses to Gallatin as determined by the board of control and, in the absence of a contract denoting the amount to be paid, and upon evidence submitted by Gallatin that their expenses were $96, the board rules that Maysville must pay Gallatin that sum."

Bryan Ruled Out.

Berl Bryan, halfback, was the player in question in the Princeton case. Evidence introduced showed that Bryan was a member of the salaried Princeton nine during the last season. Although he did not receive any compensation other than expenses for his services, the mere fact that he played with or against professionals destroys his amateur ranking. He will not be permitted to participate in association contests in the future. Princeton may compete without him, however.

Princeton had last Friday beaten Stanberry, 17 to 12, in the play-off to decide which eleven would represent the district in the semi-finals of the association race. The ruling against Princeton gives Stanberry the honor of meeting Maysville Friday, the scene of the struggle, yet to be decided.

Urges Large Sum for River Developments

James E. Smith of St. Louis Tells Waterways Association That 60 Million Dollars Is Needed.

Memphis, Tenn., Nov. 22.—Regardless of the amount requested for river developments in the next session of Congress, the public should demand a 60 million dollar appropriation and a program of activity that, in five years will result in the completion of all projects on the Mississippi, Ohio and Missouri rivers, James E. Smith of St. Louis said in an address opening the convention of the Missouri Valley Association here today.

The program suggested by Smith is expected to be approved by the association and urged upon Congress.

DEMOCRATS HAVE OWN TAX PROGRAM

FAVOR SHARPER TAX CUTS ON SMALLER ANNUAL INCOMES

REGULARS ARE ACTIVE

"Old Guard" To Support Mellon Plan, But They Lack Working Majority In Either House

Washington, Nov. 22—The Democrats of the sixty-eighth Congress are planning their own program of tax revision.

In the present conflict of views and plans for the solution of the tax question, it appeared today that the situation upon the convening of Congress will be somewhat as follows:

(1) The Republican "regulars," numbering 42 in the Senate and 210 in the House will support the Mellon plan. They lack a majority in either house.

(2) The Democrats, numbering 43 in the Senate and 205 in the House will present their own tax reduction program differing from the Mellon plan in that there will be sharper tax cuts on smaller incomes and slight cuts on big incomes.

(3) The Republican "irregulars," or so-called "progressives," numbering a handfull in both houses, under the leadership of Senator LaFollette of Wisconsin, will fight for drastic cuts on small incomes and actual increases of taxes on big incomes, making, as far as possible, a restorative of the "excess profits tax."

MRS. TRACY, AGE 88, DIES AT HOME IN SKIDMORE

Mrs. Susan M. Tracy, 88 years old, died last night at her home in Skidmore following a several days' illness of Pneumonia. No funeral arrangements have been made.

Mrs. Tracy had lived in and near Skidmore most of her life. Her husband died about four years ago. Surviving are the following children: Allen Tracy, Skidmore, with whom she lived; Alonzo Tracy and Mrs. Mary Laduke, Broken Bow, Neb.; Mrs. Sarah Gray, Pickering; Mrs. Fredona Clark, Skidmore; and Mrs. Ella Welty, Monte Vista, Colo. All of the children will come for the funeral.

COOLIDGE TAKES HAND IN REPUBLICAN ROW.

Washington, Nov. 22—The row between the Republican "regulars" and Republican "progressives" in the House has become so visible that President Coolidge is expected to take a hand in it and try to mediate the differences between the members and get them down to business on scheduled time.

The White House already is showing its concern by sending C. Bascom Slemp, the President's secretary, to the capitol for a conference with the quarreling factions.

FUNERAL SERVICES FOR MRS. BODLE POSTPONED.

Funeral services for Mrs. Elza Bodle of Skidmore, which were to have been held this afternoon, have been postponed to tomorrow afternoon at 2 o'clock because of the inability of Mr. Bodle's brother, Wilbur Bodle of Wray, Colo., to reach Skidmore before tonight. The funeral will be held at the Methodist Church, conducted by the Rev. Reuben Barrett and the Rev. J. J. Cokely. Burial will be in the Masonic cemetery at Skidmore.

WALTON READY FOR JURY INDICTMENTS

BOND ARRANGEMENTS MADE FOR THE OUSTED GOVERNOR.

MAY TRANSFER TRIAL

Governor Trapp Orders All Special Police Commissions Conferred by Walton to Be Revoked.

Oklahoma City, Nov. 22—Bond arrangements have been made, and J. C. Walton, ousted governor of Oklahoma, stands ready for his preliminary bouts with the grand jury indictments he confidently expects will be returned against him today.

Rumors of a forthcoming report containing true bills undoubtedly inspired him to preparatory action but he expressed no fear whatever regarding the outcome. Walton was ready to face the accusations.

It is considered certain that the former governor, if indictments are returned against him, will pursue a legal course to transfer his trial to some court outside of Oklahoma County on the grounds that pressure and Klan influence would preclude a fair trial. Because of this, he will ask a change of venue. The school bribe cases which failed to stand up in the Senate court, grand jury dissembling and the misuse of state funds are three matters reported to have been probed already by the grand jury.

Preliminary plans for the impeachment trial hearing of C. H. Ruth, chief advisor and close political friend of the ousted governor, were being prepared in the Senate today, Ruth having been impeached yesterday by the House of Representatives, which charged him with corrupt practices as Supreme Court commissioner.

Governor M. E. Trapp has ordered the revocation of all special police commissions conferred by Walton and instructed all county sheriffs to take them up. Approximately 8000 are reported in service.

Anti-Klan legislation will be given its initial hearing today in the Senate to whose mercy measures have been submitted. The Anglin bill will face the opening shot, having the right-of-way over all others and it is said to contain provisions that would transfer certain rights over common procedure in law suits. It is sure to become a patch-work of amendments, if it is not killed outright.

Its general provisions are satisfactory to a majority but if there is any big row over overdoing the bill, some features of other measures might be substituted.

Perhaps the most restrictive clemmency proposal over offered in a legislative body, has been presented in the Senate in a resolution calling for constitutional amendment by vote of the people. Twelve persons, impannelled like an ordinary jury would hear every plea for clemmency in the court in which the pleader was convicted. Ten of this jury must favor the clemmency before the governor can grant the pardon or stay.

Hundreds of Persons Killed in Riots

Berlin, Nov. 22—Hundreds of persons have been killed or wounded in a terrific wave of violence in the Rhineland in the last forty-eight hours. Communists, separatists, anti-separatists, peasants and police were involved in the fighting. There was considerable looting.

Jury Unable to Agree in Benton Trial

Savannah, Mo., Nov. 22—The jury in the trial of Eli A. Burton, president of the defunct Exchange bank of Maysville, Mo., charged with accepting deposits with a knowledge that the bank was in a failing condition, failed to agree and was discharged here at 8 o'clock last night by Judge Ralph Hughes of Liberty.

The case was submitted to the jury at 6:10 o'clock Tuesday evening and the jurors deliberated until 11 o'clock that night at which time they retired. They resumed deliberation early yesterday morning and with the exception of time out for meals considered the case all day. It s understood they stood nine to three for acquittal.

Bible Thought for Today

REWARD IS SURE.—The Lord is with you, while ye be with him. Be ye strong therefore, and let not your hands be weak: for your work shall be rewarded.—II Chronicles 15:2, 7.

Some of the fellows who loved and won envy those who loved and lost.

Some women show poor economy in wasting a perfectly good rolling pin on a worthless husband.

Governor Walton of Oklahoma was impeached by a vote of 41 to 0. This looks like it is almost a big enough majority to convince the former Governor himself.

One of the hardest things yet undertaken is to make one big third party out of all the little third parties that have sprung up. The various patriotic leaders who want to save the country along new lines, with themselves at the head of the line, don't mix much better than oil and water.

During the pressmen's strike in New York when newspapers were hardly to be had, some one suggested that those who could not get newspapers should read faces. There is an interesting story in every human face and volumes in some of them. There is more to read in the average face than in the average book. Arthur Brisbane said: "The story of the world and its struggles is told in a different way in each face. Old faces and young, good faces and bad, self controlled and dissipated, drunken and sober, powerful and weak, sorrow of old age neglected, the hope of youth, with everything to learn and the depressing average dullness, showing how near we are to the stone age, how far we have to travel to reach civilization. An open book is in the face of man that religion tells us is made like that of its creator, and that cold science tells us is built up at the opening of alimentary canal seeking about for food and comfort and thus developing "expression."

Hopkins was incorporated as a town or village October 21, 1872.

The town was named after A. L. Hopkins, then superintendent of the Kansas City, St. Joseph and Council Bluffs Railroad.

The first board of trustees was composed of W. W. Kennison, chairman; Judge E. Donlin, William Cockrane and B. S. Martin.

The first church erected in the town was the Methodist Episcopal.

The first school was taught by Miss Emma Rose of Michigan, and the Journal was founded by J. M. Pierce in 1874.—Chloe PettyJohn, 6th Grade, Hopkins Public School.

Stanberry to Play Maysville at Albany

Semi-Final Game Will Be Called at 2:30 o'Clock Tomorrow Afternoon.

The Maysville and Stanberry high school football teams will fight it out in their half of the semi-final round of the race for the championship of Northwest Missouri at Albany tomorrow. The game will be called at 2:30 o'clock.

Recently, Stanberry was defeated by Princeton 17 to 7, but Princeton's games have all been thrown out because one of the players was ruled a professional. Stanberry will not take the place of Princeton in the conference this season.

This leaves Maryville, Excelsior Springs, Maysville and Stanberry to fight it out for the football championship of Northwest Missouri. The winners of the games tomorrow will meet Thanksgiving day for the final contest.

Hepburn to Have New Church at Chicago

(Hopkins Journal)

Hopkins people are interested in the new Buena Presbyterian church of Chicago, not because it cost half a million dollars but because its pastor is a former Hopkins boy, Henry Hepburn, a son of Mr. and Mrs. J. L. Hepburn of near this city, and he ranks with the leading men of his profession today.

Concerning the new church, the Chicago Tribune says:

In 1905, a room in a railway station on the west side of the Chicago, Milwaukee and St. Paul tracks, housed the Buena Presbyterian congregation.

Sunday, that congregation, with a present membership of 1,685 persons, will enter its new church at Sheridan road and Broadway.

Practically all the dignitaries connected with the Chicago presbytery will be present to aid the pastor, Rev. Henry Hepburn, conduct the dedication services. Rev. Hepburn has guided the destinies of the church since shortly after its organization.

STATE COMMISSION ASKS LICENSE HIKE

(Continued from page 1)

cause the Commission will not keep an unnecessary force.

Of the funds supplied from the basic sources of road revenue, interest and maintenance alone are variable. As interest goes up, available maintenance automatically goes down, since the maintenance appropriation is the last in the list and all others are, in a sense, "encumbered."

The Commission is not in debt and it will not be. It has made no contracts without the money in sight to meet them, and it will not make any.

Nor has it wasted money. On October 29, 1923, the State Highway Department had expended $24,044,000 for construction of roads and $1,835,000 for construction of bridges. But less than $5,000,000 of the proceeds of road bonds was included in this sum. Only $15,000,000 of the $60,000,000 of road bonds have been issued. Practically all of this amount is under contract or will be put under contract at the next letting. None of the bond money can be used for any other purpose than construction, other expenses being met otherwise.

The larger sum expended was made up of accumulated Federal aid, local moneys and Morgan-McCulloch moneys which the Commission was directed by law to put under contract before the end of last year, to prevent loss by forfeiture. It was to do this work that the present efficient organization was built up.

The estimated savings from letting larger contracts are not based on theories but on the experience of the State Highway Department in group lettings. These have resulted in lower contract prices and lower administration and engineering costs. The percentage is low, measured by the Department's own record, records of other states or of private undertakings.

When the Commission sent its communication to the Governor, September 20th, it made no recommendations as to ways and means, out of deference to the General Assembly. At the request of the special Senate road committee, which was invited to the meeting at which the communication was ordered sent to the Governor, the Commission directed its consulting accountant to gather data on the financial and statistical side of the subject, including possible ways of raising the necessary revenue. His exhaustive report has been available for study for several weeks.

The proposal to advance the program in the only manner possible has been received with gratifying unanimity. Official organizations representing motor vehicle dealers and users have endorsed the suggestion and signified their willingness to meet reasonable charges against motor vehicle users, so that faith may be kept with the people that not a cent of direct taxation shall be levied to carry out the State road program.

Committees of Senate and House have indicated sympathy with the Commission's suggestion but, because of differences of opinion no concrete plan for raising the $2,000,000 additional revenue has been sponsored.

The revenue, if it would meet the emergency, must be adequate, so reasonable as not to provoke a referendum and from a source of such unquestioned validity as not to bring on litigation. The Commission must know that it will have the money before it can even prepare to let contracts and either a referendum or a lawsuit would fail to meet the exigency.

Consequently, any measure of such sweeping character as might upset the policy three times supported by a popular vote—when the bonds were originally voted, when the manner of paying interest was subsequently approved, and when direction as to maintenance was overwhelmingly given—would prolong the legislative session and possibly provoke a referendum. Efforts to reclassify motor vehicle fees would run this hazard and also bring uncertainty as to actual receipts.

Lawyers do not agree as to whether a tax on gasoline can be so framed as to be held valid in Missouri, in view of a Missouri decision some years ago but most agree that such a measure would be tied up by litigation. This delay would thwart the purpose of the suggestion that the Commission felt in duty bound to make as to advancing the program. There is much to be said for a gasoline tax specifically for maintenance of roads. Over two-thirds of the States have imposed such a tax. But, unfortunately, this would not meet the present Missouri emergency.

It might be a judicious thing for the General Assembly to levy a tentative gasoline tax of say 1 cent a gallon, effective July 1st, and let its validity be tested in the Supreme Court, so that the law might be clearly known before the regular session in January, 1925, for the guidance both in carrying on the current program and providing the method of completing the entire State Highways System, but with its knowledge of conditions, the Commission does not feel that it could safely proceed with the advanced program that it has suggested with such an uncertain source of revenue.

By the process of elimination, this leaves only one clearly logical tax for the existing emergency, and the Commssion, feeling the emergency and the opportunity of benefit through advancing the highway program, with utmost respect for the General Assembly, is ready to accept the responsibility of expressing its opinion that an increase of the State motor vehicle registration fee 50 per cent a year—with the existing maximum municipal registration fees preserved—will supply the required additional revenue, and that it is so reasonable that an emergency clause may be safely attached, making it effective January 1, 1924. This would increase the State fee from $7.00 a year to $10.50 on each of the cheaper motor vehicles which comprise the vast majority in Missouri. It would not be burdensome in itself and in comparison with other States it would be considerably below the average. There exists machinery for collection of this tax and the net proceeds may be reckoned with certainty.

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perrysburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ADA FRICK, Route 3, Perrysburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

Nebraska Farmer Says Conditions Not Bad

James F. Hanson Plays Into Hands Of Railroads By Offering Voluntary Testimony

Kansas City, Nov. 22—Playing into the hands of the railroads, James F. Hanson, a Nebraska farmer, appeared voluntarily in the Interstate Commerce Commission hearing on grain freight rates today and declared that the agricultural condition in the Middle Western states are not in the deplorable condition that previous testimony by farmers pictured.

Hanson is at the head of the J. F. Hanson Co. which operates 9,000 acres of farm lands in Nebraska, Kansas and Colorado. He is the first farmer witness to be presented by the railroads in defense of existing rates in denying that agriculture is in a worse condition than it has ever been. Hanson said that he was in Western Kansas when he read accounts of the deplorable condition of the farmers as pictured by testimony at the hearing, and came here to give his version.

Hanson, a picturesque western farmer, resembled the late Buffalo Bill in many ways. Tall in statue, he sat stroking his beard, as he gave his testimony.

At one time he turned to John J. Esch and J. B. Campbell, members of the commission, and after looking at them carefully asked permission to "cuss." He restrained himself, however, to mild profanity. Hanson's testimony was amusing as well as interesting. He disputed the evidence last week of Dr. Henry J. Waters, former president of the Kansas State Agricultural College, who said many farmers cannot buy fresh meat for their families while city dwellers buy only the choicest cuts. Hanson said he was served a great pile of fried chicken by one of his tenants last week and gave such a vivid description as to arouse hunger among those who were hitherto well satisfied.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Harmony

Church Notes

So many were visiting Sunday that there was a slight slump in the attendance at the morning service but the pastor was greeted by a good congregation in the evening. A feature of the C. E. service was whether the church should engage in foreign mission while so many were unsaved in our own land. Miss Alta Moore was leader.

The father and son banquet at the church Friday evening proved to be a very enjoyable affair. Seventy plates were laid, and a large number of mothers and daughters were present to serve. The menu was: salad, chicken sandwiches, scalloped oysters, pickles and coffee followed by peaches and cake. Numerous toasts were responded to and a splendid spirit of comradship evidenced between father and son in the after dinner speeches. It is safe to say that it proved to be one of the most enjoyable occasions of the year.

Several from our church attended the S. S. convention of the Seventh Sub.-District at Ravenwood Sunday afternoon. The pastor and superintendent were both on the program. The meeting was presided over by Mr. Needles. Other speakers were: Rev. C. L. Uht, Kenellum Thrasher, and Miss Gladys Horton. Those attending from Harmony were: Rev. Underwood, Ova Heflin, John Anderson and W. I. Lewis and family.

Our school will give a Thanksgiving program at the church next Wednesday evening. All the grades as well as the High School will take part. Everybody is invited to come.

CHARACTER TELLS THE STORY!

People throughout this country are giving more thought to hygiene and to the purity of remedies on the market, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for over fifty years that everyone knows they are just what they are claimed to be. These medicines are the result of long research by a well-known physician, R. V. Pierce, M. D., who compounded them from health-giving herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of Buffalo, is a sufficient guarantee for the purity of that splendid tonic and blood purifier, the Golden Medical Discovery, and the equally fine nerve tonic and system builder for women's ailments, Dr. Pierce's Favorite Prescription. Send 10c. for trial pkg. tablets to Dr. Pierce's Invalids Hotel, Buffalo, N.Y.

Rep. Job Gives Views on Motor Vehicle Tax

Tells That He Is Opposed To Increase To Supply Revenue For Advancing Road Program

William Job, representative to the State Legislature has been asked today to give his opinion for one half increase of Motor Vehicle Tax. The telegram and answer he forwarded is given below:

Kansas City, Mo., Nov. 22, 1923.
Rep. William Job,
Maryville, Mo.

Will you kindly wire Journal your individual attitude on special proposal of State Highway Commission for one half increase of Motor Vehicle Tax on January first to supply revenue for advancing Road Program.

Kansas City Journal.

Mr. Job wired the following answer: "I am opposed."

Mr. Job makes the following statements:

"Nodaway County paid into the road fund up to October 1st, 1923, approximately $46,000, with the probable increase in auto license and the proposed in crease in license fees to speed up the road program we would pay into the road fund in 1924 approximately $75,000. I am in favor of good roads but as a member of the legislature, I feel it my duty to carefully balance the advantages 'speeding the road program' against an increase of taxes.

"Nodaway County is today confronted with a deficit of between eighty and one hundred thousand dollars that has been gradually growing for the last thirty years, which we have got to meet with a bond issue soon. 'Charity begins at home.' I will write an article on the State Road Program soon."

William Job.

Tabernacle Meetings to Close December 2

Evangelist Hamilton Has For Topic Of His Sermon Las Night "Christian Baptism"

"Christian Baptism" was the topic used by Evangelist Hamilton at the tabernacle last night. "Our whole life must be immersed in Christ," said Mr. Hamilton, "and when that is done we will not question any external act that gives evidences of our faith."

"Peter on the great Day of Pentecost told the inquiring Jews that they should 'Repent and be baptized for the remission of their sins.' Baptism has a place then, in the great scheme of salvation as outlined by the Holy Spirit through the apostles. Paul says, 'We are buried with Him through baptism.' In every immersion in Christ, we are to die to sin and be buried with Him. Repentance takes us to the cross. There sin dies in us, then according to scriptures we go to the graves of baptism, and are buried and resurrected to a new life in Christ.

"'As many as have been baptized into Christ, have put on Christ,' says Paul in the Galatian letter. He here refers not so much to a single over act, as he does to the whole process of conversion. We must be entirely baptized into Christ, and this can mean nothing less than a complete immersion into Him. And those who do thusly are said to be in Christ. Our minds, affections, wills, our all will be immersed in Him. It simply means that we resolve to let Him have His way with us. A complete consecration of heart and life to the Master. And this is the great need of the world today, and even the church."

The attendance last night was good, and again there were responses to the invitation. O. E. Hamilton is announcing a special service on Friday night, with a sermon entitled: "Shut Up Your Ashpan." This is a sermon he often delivers to men only, but there will be food for all Friday night.

At the County Board meeting yesterday it was decided to close the central meeting in the tabernacle on December 2. The church will then begin the follow-up meetings. All the pastors and evangelists will be used in the simultaneous efforts throughout the county.
